Re: Monsanto's Hazard Ranking

Dear Monte:

I am writing to request information because you're very difficult to reach by phone. Phil VanNess indicated you would be the person in charge or with knowledge of the State's Remedial Action Priorities List and of a specific facility's hazardous ranking.

Accordingly, please let me know the IEPA's hazardous rank for the Monsanto W. G. Krummrich toxic landfill in St. Clair County and the score for each factor that makes up that rank. Thank you for your help.
